ATIS4all Project: Compilation of information and categorisation

Second Workshop

Prague, Czech Republic

8th and 9th September, 2011

PRELIMINARY ANNOUNCEMENT

Since the Foundations of ATIS4all have been established through the previous activities carried out in the First Work Package, the next Work Package tries to categorize and compile this information in order to determine the best solution for the future EASTIN 2.0 portal.

The second workshop "*Compilation of information and categorisation*" will take place in Prague on 8-9 September 2011 and it will be the definitive first push to the development of the WP2 tasks.
